Subject: Scheduling an End of Year UIC and APP program meeting

Hi Jerry,

I would like to schedule an end of year conference call for our UIC and the ADEQ Ground Water Program. As in prior meetings, we will focus on review of the 2016 integrated Workplan Task 2.1 and the ground water issues related to underground injection. In the past, I had coordinated with Wael and Marybeth. David Albright and I have times available next week on Wednesday 11/16 at 1-2 pm, Thursday 11/17 at 10-11 am, or Friday 11/18 sometime after 12 (all Pacific time). Our agenda will be to briefly review Task 2.1, Florence Copper and Excelsior activity, and any other updates. Do you have any agenda items to add?

Please let me know your availability and other ADEQ representatives that should attend the conference call.

Thanks, Nancy
